

**Profili e battiscopa per pavimenti in LVT.
Un passo avanti.**

**Profiles and skirting boards for LVT floors.
A step ahead.**

Battiscopa e profili ideali per i nuovi pavimenti in LVT.

The suitable profiles and skirting boards for the new LVT floors.

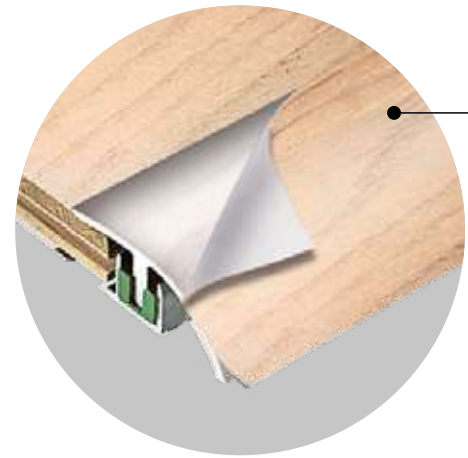

LVT (Luxury Vinyl Tile) è la sigla che caratterizza gli innovativi pavimenti vinilici, che alla maggiore resistenza della superficie aggiungono una naturale e fedele riproduzione delle tinte del legno, della pietra e delle resine. Per unire alla piacevolezza estetica performance tecniche di alto livello. Profilpas ha creato profili dedicati, proposti in 42 decori di cui 4 anodizzati e 38 finiture nei toni del legno e delle resine. Grazie alla tecnologia di stampa digitale Profilpas Digital System è inoltre possibile moltiplicare all'infinito le cromie, per arrivare a una personalizzazione veramente completa.

LVT (Luxury Vinyl Tile) is the acronym for the innovative vinyl floors, which add a greater resistance to the surface and naturally and accurately reproduce the colours of wood, stone and resins. To combine the aesthetic taste with high-quality technical performances. Profilpas has designed dedicated profiles in 42 decors, including 4 anodised and 38 wood and resins finishes. Moreover, thanks to the digital printing technology Profilpas Digital System, there is the possibility to multiply colours infinitely to obtain a complete customization.

**Profilpas Digital System,
tutti i decori del mondo.**
*Profilpas Digital System,
all decors of the world.*

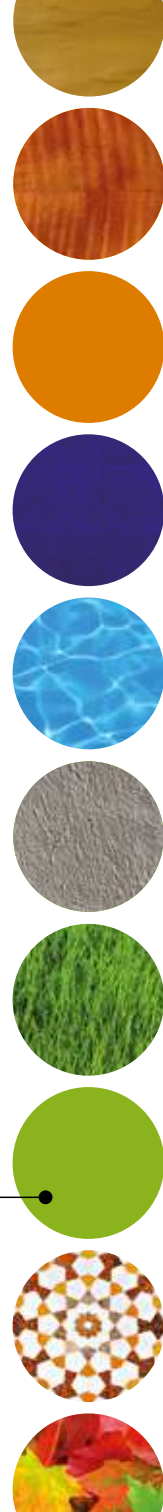

Una scelta infinita, nessun limite all'immaginazione. Qualsiasi sia il pavimento, in qualsiasi tinta o decoro, anche di fantasia, la soluzione è Profilpas Digital System, l'innovativa soluzione che consente la personalizzazione totale di profili e battiscopa. Un processo produttivo completamente realizzato all'interno del nostro stabilimento, a garanzia dell'elevata qualità di ogni pellicola. A catalogo, pronti per essere prodotti, ci sono 300 decori. Per tutte le altre infinite variazioni, basta inviare un campione a Profilpas per vederlo realizzato.

An infinite selection, no limit to imagination. Whatever is the floor, the colour or the decor, even if fancy, the solution is Profilpas Digital System, the innovative way to customize profiles and skirting boards. A manufacturing process completely made inside our plant to guarantee high-quality films. There are 300 decors on catalogue ready to be produced. For all the other endless variations, you just need to send us a sample to get them.

38 decori
decors

Con Profilpas, la scelta è davvero vasta. I profili Profix Thin sono proposti in 38 decori selezionati in base alle nuove collezioni del 2016. Se tra questi 38 non c'è il colore desiderato, in banca dati abbiamo 300 finiture disponibili per un ordine minimo di 54 metri. E non finisce qui: grazie alla tecnologia PDS (Profilpas Digital System) li possiamo personalizzare con qualsiasi decoro tu desideri, per soddisfare ogni esigenza.

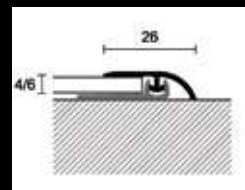

The selection is really extended with Profilpas. Profix Thin profiles are offered in 38 decors selected by following the new collections of 2016. If you cannot find the desired colour between them, there are 300 finishes available in the database with a minimum order of 54 metres. And there's more: thanks to PDS technology (Profilpas Digital System), we are able to customize them with every decor you like.
